MAXXUM® ActiveDrive 8

DUAL-CLUTCH TRANSMISSION

24 SPEEDS. 3 RANGES. 1 REVOLUTIONARY TRANSMISSION.

The exclusive ActiveDrive 8 dual-clutch transmission delivers uninterrupted torque through more working speeds, simplified shifting and faster direction changes. This 24-speed transmission features eight powershift gears in three electronically shifted ranges. Dual-clutch technology gives you the ability to shift between all ranges and gears and stop the tractor without using the clutch pedal.

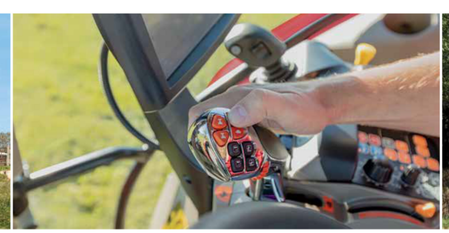
ACTIVECLUTCH II™

Ideal for loader work and round baler operation, ActiveClutch II allows the operator to slow or stop the tractor without using the clutch. Simply depress both brake pedals and the tractor speed will decrease and come to a stop.

TRUE POWER SHUTTLE

The True Power Shuttle uses the dedicated forward and reverse clutch packs to provide smooth, nearly instantaneous direction changes. Three aggressiveness settings enable you to set the shuttle to match any work environment.



SMART RANGE SHIFT

Smart Range Shift enables you to shift ranges from any gear electronically. This eliminates the need to shift through each gear before changing ranges. Smart Range Shift helps you get up to speed while roading, or whenever you need to change speeds quickly.

AUTO SHIFT

The ActiveDrive 8 transmission features two modes of automatic shifting: Road Mode and Field Mode. When these modes are active, the transmission will shift automatically by either moving the MultiFunction handle or depressing the foot throttle.

SMOOTH SHIFT

Smooth Shift reduces driveline shock and increases operator comfort. This feature is ideal for shifting while moving bales or hauling heavy loads.

MEMORY SHUTTLE

Memory Shuttle remembers the last gear you shifted to in each direction, and automatically returns to that gear each time you shuttle forward or reverse. This is great for operations that require frequent direction changes at different speeds.

MAXXUM® ActiveDrive 8

DUAL-CLUTCH TRANSMISSION

FINALLY, A TRANSMISSION THAT MAKES HARD WORK EASIER.
