DRILL MONITOR

Upgrade your older drill with modern seed monitoring capability.

Call for Pricing

The Loup Elite Drill Monitor provides accurate Seeds/Acre population for any drill, Air Seeder or Planter

The Loup Elite Drill Monitor is a universal population and blockage monitor for any gravity drill or air seeder. Our highly accurate seed sensors track application rates, allowing you to make sure the implement is seeding correctly. The display allows the user to choose and display up to three functions simultaneously. User-friendly menus allow the user to change what is being displayed, turn sensors on and off, and change any drill settings.
